

SAFEGUARDING YOUR ASSETS FROM PESTS

WHO
WE ARE?

**COMPREHENSIVE
PEST CONTROL
SOLUTIONS TO
PROTECT YOUR
BUSINESS**

At Servest Pest Management, a **Level 1 B-BBEE** service provider, we specialise in delivering comprehensive pest control solutions designed to safeguard your assets across industrial, commercial, and food production environments.

Our SAPCA-registered professionals employ Integrated Pest Management (IPM) strategies to inspect, identify, prevent, and manage infestations, ensuring your business is pest-controlled and fully compliant with HACCP, food safety, and environmental health regulations.

By leveraging advanced pest control technology, regulatory expertise, and a commitment to sustainability, we protect your reputation, assets, and people. Our proactive, data-driven approach ensures that pest risks are identified early and mitigated effectively, providing you with long-term protection and peace of mind.

We don't just control pests – we safeguard your assets, ensure compliance, and protect your business.

**SAFEGUARDING
YOUR ASSETS
FROM PESTS**

OUR SERVICES

WE OFFER CUSTOMISABLE PEST CONTROL SERVICES DESIGNED TO MANAGE INFESTATIONS, PREVENT REOCCURRENCE, AND MAINTAIN HYGIENE STANDARDS ACROSS VARIOUS INDUSTRIES, WITH A FOCUS ON SAFEGUARDING YOUR ASSETS.

Rodent Control

- Advanced trapping, baiting, and exclusion techniques to prevent and control infestations
- Site inspections to identify entry points and vulnerabilities
- Strategic pest-proofing solutions to protect facilities from future infestations

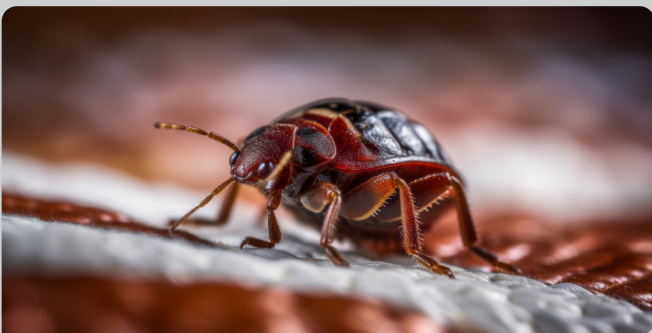

Cockroach Control

- Targeted treatment plans using baits and safe chemical applications
- Eradication and prevention of cockroach breeding cycles
- Ensuring HACCP and health regulation compliance

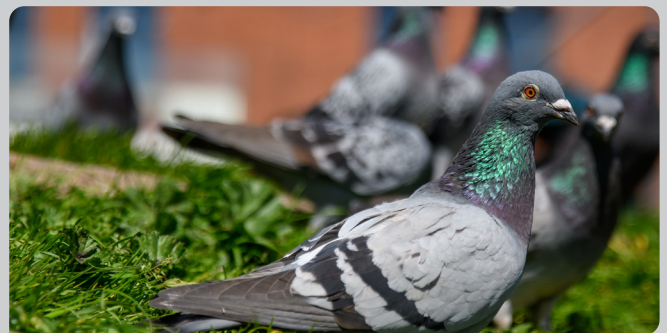

Bed Bug Control

- Heat treatments and insecticides for effective elimination
- Monitoring programmes and follow-up services to prevent resurgence
- Comprehensive inspections for early detection and risk mitigation

Bird Control

- Humane, eco-friendly deterrents to prevent bird infestations
- Structural modifications and cleanup solutions to eliminate nesting sites
- Long-term sanitation measures to prevent reinfestation

SAFEGUARDING YOUR ASSETS FROM PESTS

Termite Control

- Soil and wood treatment solutions to prevent structural damage
- Barriers and monitoring systems with long-term warranties
- Regular inspections to detect early signs of termite activity

Fly & Insect Control

- Fly traps, insecticides, and exclusion techniques to eliminate infestations
- Waste management and sanitation recommendations to reduce fly breeding
- Sustainable solutions aligned with environmental health regulations

Snake & Wildlife Control

- Safe removal and relocation techniques to manage snake and wildlife intrusions
- Habitat modifications and entry-point sealing to prevent re-entry
- Expert guidance on maintaining a pest-controlled environment

Integrated Pest Management

- Prevention-first strategy to eliminate conditions that attract pests
- Eco-friendly, science-backed solutions to minimise environmental impact
- Technology-driven pest monitoring for real-time control and compliance tracking

WHY CHOOSE US?

We don't just control pests We Safeguard Your Assets

Certified Expertise

Our team consists of highly trained, SAPCA-registered professionals who earn the trust of our clients through their industry-leading expertise.

Tailored Solutions

We customise pest control strategies to meet specific business needs and have a proven track record in Food Manufacturing, Logistics and Warehousing, Healthcare and Hospitality industries.

Technology-Enabled Compliance

Our proprietary reporting technology provides real-time compliance tracking and performance monitoring.

Quality Assurance

We provide proactive corrective actions and ongoing support, ensuring businesses pass external audits with ease.

Regulatory Compliance

Servest complies with Department of Agriculture, SABS, SANS and local regulations, using only approved pesticides, rodenticides and monitoring materials.

Proven SHEQ Expertise

With over 70 years of experience in Safety, Health, Environment and Quality (SHEQ), our standardised processes minimise variability, guaranteeing high-quality and reliable pest management solutions.

Sustainability Focus

We integrate eco-friendly pest management solutions, aligning with Global Green principles for minimal environmental impact.

Cost-Effective Pest Management Solutions

Our proactive rodent control helps prevent costly infestations, structural damage, equipment failures, and compliance fines – offering long-term savings for commercial and industrial facilities.

HOW WE UNLOCK VALUE FOR OUR CLIENTS

Protecting Business Assets & Infrastructure

Pest damage can lead to equipment breakdown, food contamination, and loss of revenue – our proactive approach ensures safeguarded business continuity.

Minimised Operational Downtime

Our tailored strategies integrate pest control into daily operations to reduce risk without disrupting productivity.

Financial Risk Reduction

Investing in pest management prevents costly infestations, equipment damage, and compliance fines, making it an essential business safeguard.

Long-Term Pest Prevention & Risk Control

Our Integrated Pest Management approach ensures that your facilities are protected year-round, eliminating recurring threats.

INDUSTRIES WE SPECIALISE IN

Food Manufacturing

Preventing product contamination, costly recalls, and reputational damage with HACCP-aligned pest control.

Warehousing & Logistics

Safeguarding supply chains from infestations that can cause stock losses and operational delays.

Healthcare & Pharmaceuticals

Ensuring sterile, compliant healthcare environments by preventing disease-carrying pests.

Corporate Offices & Retail

Maintaining pest-controlled environments that protect staff, customers, and brand reputation.

Agriculture & Processing Facilities

Pest control for grain storage, livestock protection, and crop management to protect food security.

COMPLIANCE

B-BBEE Level 1

Supporting sustainable, responsible business practices

HACCP- Aligned Pest Control

Ensuring compliance with food safety and hygiene standards

Department of **Agriculture, Forestry & Fisheries**
