## WHO IS SERVEST CLEANING?

**SEAMLESS  
INTEGRATION  
WITH INDUSTRIAL  
WORKFLOWS  
TO IMPROVE  
EFFICIENCY &  
REDUCE DOWNTIME**

Servest Cleaning is a **Level 1 B-BBEE** service provider specialising in industrial workspaces, ensuring hygiene, efficiency, and regulatory compliance through integrated cleaning solutions that align with operational workflows. With a national footprint and over 20 years of experience, we provide strategically planned cleaning services designed for factories, warehouses, workshops, and industrial plants.

We go beyond compliance by seamlessly integrating cleaning schedules into client operations, reducing downtime and enhancing efficiency without disrupting production processes. By combining technology-driven oversight, expert knowledge, and multi-level capability, we help businesses maintain clean, safe, and fully optimised workspaces that support continuous productivity and regulatory excellence.

**We don't just clean – we integrate with your operations to optimise efficiency and minimise disruption.**

# CLEANING BEYOND COMPLIANCE

# OUR SERVICES

WE OFFER CUSTOMISABLE, EFFICIENCY-FOCUSED CLEANING SOLUTIONS THAT ARE CAREFULLY PLANNED IN COORDINATION WITH CLIENT WORKFLOWS TO MAXIMISE UPTIME AND PRODUCTIVITY.

## Customisable Industrial Cleaning Solutions

Providing strategically planned cleaning services that reduce downtime and enhance efficiency, ensuring minimal disruption to industrial processes.

### Floor Cleaning and Maintenance

Our expert technicians employ advanced floor cleaning techniques to remove dirt, debris, and spills from your warehouse floors. We use specialised equipment, such as industrial-grade sweepers and scrubbers, to ensure thorough cleaning and maintain a safe working environment. Manufacturing floors endure heavy traffic, spills, and constant wear and tear. Our team specialises in floor cleaning and maintenance, utilising advanced techniques and high-quality products to remove stubborn stains, oils, and debris. We offer a range of services, including floor scrubbing, stripping, sealing, and polishing, ensuring your floors remain safe, clean, and aesthetically appealing.

### Racking and Shelving Cleaning

We understand that racking and shelving can accumulate dust, dirt, and grime over time. Our team will meticulously clean and sanitize your racking systems, ensuring they are free from contaminants that could impact product integrity or employee well-being.

In addition, we also provide:

- **Factory & Workshop Cleaning** – Deep Cleaning of production lines, machinery and workstations aligned with production schedules, shift changes, and maintenance cycles
- **Warehouse & Storage Area Cleaning** – Dust and residue removal to maintain compliance without affecting logistics flow
- **Office & Administrative Space Cleaning** – Ensuring a hygienic, professional workspace without disrupting operations
- **Outdoor Yard & Waste Area Management** – Maintaining clean, organised exterior spaces that support operational efficiency
- **Locker Rooms & Change Areas** – Daily sanitisation scheduled around shift rotations to maximise availability

## Compliance-Driven Cleaning & Risk Reduction

Ensuring safety, regulatory adherence, and contamination control with minimal impact on operational efficiency.

- **OHS-Compliant Cleaning** – Meeting strict occupational health and safety standards while aligning with client workflows
- **Hazardous Waste Management** – Safe handling and removal of industrial waste with minimal production downtime
- **Technology-Enabled Compliance** – Real-time audit tracking and digital proof of service, ensuring seamless compliance reporting
- **High-Risk Area Decontamination** – Targeted sanitisation of hazardous and contamination-prone zones without disrupting operations
- **Airborne Dust & Pollution Control** – Dust and debris management solutions integrated with ventilation and workflow schedules

## Compliance-Driven Cleaning & Risk Reduction

Specialised & High-Level Industrial Cleaning Services

Delivering advanced, precision-aligned cleaning solutions for heavy-duty machinery, high-traffic areas, and structural elements.

### Machinery and Equipment Cleaning

Efficient machinery and equipment are essential for a streamlined distribution centre. We offer thorough cleaning services for your machinery, conveyor systems, forklifts, and other equipment, ensuring optimal performance and longevity while reducing the risk of breakdowns caused by dirt or debris accumulation.

### Waste Management

Proper waste management is essential in any distribution centre. We offer comprehensive waste removal and disposal services, adhering to environmental regulations and ensuring your waste is handled responsibly and efficiently.

### Deep Cleaning & Sanitisation

Our highly trained team utilises cutting-edge equipment and industry-approved disinfectants to deliver deep cleaning and sanitisation services. We target areas prone to dirt, dust, grease, and other contaminants, eliminating potential health risks and ensuring a hygienic environment for your workforce.

In addition, we also provide:

- **High-Level & Structural Cleaning** – Cleaning of beams, ceilings, air vents, and industrial racks without interfering with workflows
- **High-Pressure Cleaning** – Removal of stubborn grease, grime, and industrial residues with minimal process interruptions
- **Floor Maintenance & Restoration** – Scheduled floor treatments that support workplace safety and durability
- **Specialised Carpet & Upholstery Cleaning** – Deep cleaning solutions for office spaces and administrative areas
- **Security & Guardhouse Cleaning** – Maintaining professional, hygienic entry points without disrupting security functions
