

CRAFTING EXCEPTIONAL PLAYING SURFACES

WHO IS SERVEST LANDSCAPING & TURF?

Servest Landscaping & Turf is a **B-BBEE Level 1** company and leader in turf management across South Africa, specialising in creating and maintaining sports facilities that meet international standards and deliver measurable value for our clients. With a focus on sustainability, innovation, and client success, we are committed to Growing Green Assets that make a lasting impact. We believe that exceptional sports fields and golf courses are more than just playing surfaces – they are valuable green assets that elevate player and spectator experiences, enhance brands, and drive growth. We specialise in:

- ✔ SPORTS TURF DESIGN AND CONSTRUCTION
- ✔ COMPREHENSIVE TURF MAINTENANCE
- ✔ ARTIFICIAL TURF SOLUTIONS
- ✔ CONSULTING AND AUDITS

GROWING GREEN ASSETS

OUR SERVICES

Servest Landscaping & Turf delivers **world-class** solutions in sports turf design, construction, maintenance and consulting, creating high-performance, sustainable green spaces that elevate the playing experience and maximise client value.

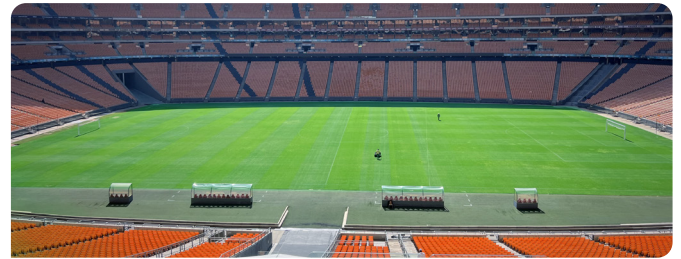

Artificial Turf Solutions

Servest offers FIFA and FIH-compliant artificial turf solutions ideal for multi-purpose sports fields, schools, and hotels. With over 150 installations worldwide, our synthetic turf provides a low-maintenance, high-durability surface that meets international standards. These versatile solutions improve client value by providing attractive, reliable playing environments with minimal upkeep.

Sports Turf Design and Construction

Servest's expert team designs and constructs high-performance sports fields that meet international standards, from layout and grassing to irrigation. Whether for soccer, rugby, hockey, or cricket, our fields are crafted to provide the best possible playing experience, while enhancing venue reputation. By partnering with clients, we ensure every field becomes a Growing Green Asset that supports their unique goals.

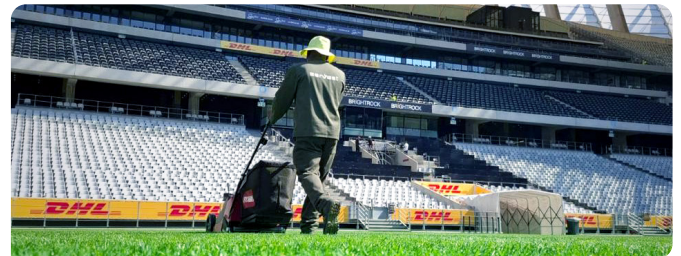

Consulting and Audits

Our consulting services provide expert guidance to optimise turf management and enhance long-term value. From drone mapping to soil and condition assessments, we offer actionable insights that support sustainable growth and efficient resource use. Our advisory role helps clients unlock new potential in their green spaces.

Comprehensive Turf Maintenance

Our year-round maintenance services are tailored to keep fields in top condition, ensuring durability and visual appeal. We handle natural and synthetic surfaces, using customised treatment plans that align with each facility's needs. Our commitment to quality turf care boosts client value by maximising safety and enhancing user experience.

WHY CHOOSE US?

At Servest Landscaping & Turf, we are **industry leaders** in sports turf design and maintenance, with a proven track record in **Stadium Facilities and the Education sector**. Our world-class playing surfaces adhere to FIFA and PGA standards, ensuring exceptional quality that enhances athlete performance, attracts professional teams, and drives venue bookings for large-scale events. By transforming spaces into Growing Green Assets, we deliver measurable value and long-term impact, making us the trusted partner for leading businesses and institutions across South Africa.

Expert Turf Specialists

Our certified greenkeepers and turf managers bring unparalleled expertise and precision to each project. With deep knowledge of turf-grass management and an emphasis on quality, we ensure that every surface we maintain or build meets industry-leading standards, optimising both aesthetics and functionality.

Proven SHEQ Expertise

With over 70 years of Safety, Health, Environment, and Quality (SHEQ) expertise, Servest guarantees safety, reliability, and quality on every project. Our robust safety protocols reduce risk, protect all stakeholders, and ensure consistently high standards, adding peace of mind and long-term value for our clients.

Proven Track Record and Industry Recognition

Our work across prestigious venues like DHL Stadium, Val de Vie, and St Stithians College showcases our commitment to excellence. With numerous industry awards and certifications, including SALI Gold Awards and ISO certifications, our track record speaks to our ability to consistently deliver superior results.

FIFA & PGA Standards

Our world-class playing surfaces adhere to FIFA and PGA standards, elevating athlete performance, attracting professional teams and increasing venue bookings for large-scale events.

Client-Centric Approach

We believe that a successful partnership starts with understanding our clients' unique needs. Our leadership team works closely with each client, providing personalised solutions that align with their goals. This hands-on approach ensures a seamless experience and exceptional results from planning to execution.

Commitment to Sustainability

Sustainability is embedded in every aspect of our work. Certified with ISO 14001, we use eco-friendly practices, water-efficient irrigation, and organic treatments to create landscapes that are environmentally responsible and cost-effective. Our sustainable approach not only protects the environment but also helps clients achieve their own green goals.

Innovative Technology and Precision

We employ the latest technology to maximise efficiency and precision in turf care. Our use of drone mapping, soil analysis, and other advanced tools allows us to provide data-driven solutions that enhance turf performance and longevity, offering clients a strategic advantage.

Partnering for Long-Term Success

Servest is dedicated to building lasting client relationships through quality, innovation, and commitment to growth. Our approach ensures that each project – whether a school field, corporate venue, or sports stadium – becomes a Growing Green Asset, contributing to long-term success for our clients.

Industry Leaders

Servest is the undisputed leader in sports turf design and maintenance in South Africa, most notably in Stadium Facilities and the Education sector.

UNLOCKING VALUE FOR OUR CLIENTS

At Servest Landscaping & Turf, we deliver exceptional **value** by transforming playing surfaces into assets that drive performance, enhance user experiences, and deliver measurable returns.

For sports facilities, we design and maintain FIFA- and FIH-compliant fields that elevate athlete performance, ensure player safety, and attract professional teams and large-scale events. In educational institutions, we create safe, high-quality sports fields that promote student wellness, encourage participation, and enhance institutional reputation. For corporate spaces, our tailored turf solutions foster employee engagement, reinforce brand identity, and provide inviting outdoor spaces.

Our expertise in residential estates enhances property value by creating pristine, visually appealing green spaces that enrich outdoor living. In hospitality and retail sectors, we deliver durable, low-maintenance turf that enhances guest experiences and strengthens brand loyalty. With a commitment to sustainability, advanced technology, and world-class standards, Servest Landscaping & Turf ensures every project thrives, delivering long-term value and impact for our clients.

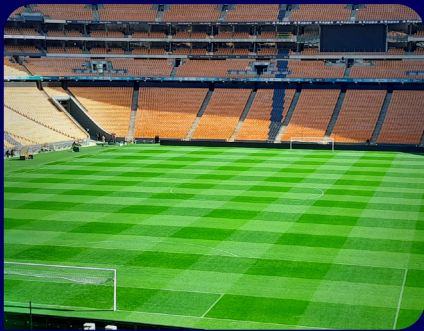

COMPLIANCE

AFFILIATIONS

CLIENT SUCCESS STORIES

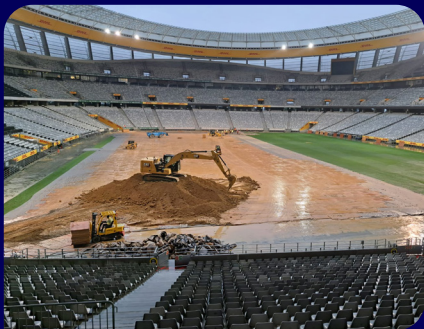

DHL Stadium

By delivering international-standard turf maintenance, Servest has helped DHL Stadium unlock its potential as a premier sports venue. Our expertise ensures a world-class pitch that supports optimal athlete performance, attracts major sporting events, and aligns with the stadium's sustainability goals. The result? Increased bookings, enhanced reputation, and a surface that consistently exceeds expectations.

St Stithians College

Servest's tailored turf solutions transformed St Stithians College's sports facilities into an asset that strengthens its reputation. By maintaining safe, visually appealing fields, we help the school attract prospective families, foster pride among students, and elevate the overall quality of its extracurricular programmes. This partnership unlocks value by enhancing both the school's appeal and its operational efficiency.

Monster Jam Restoration

Following the Monster Jam events held at FNB Stadium and DHL Cape Town Stadium, our team restored both stadiums for upcoming rugby matches within tight timelines:

FNB Stadium

Repaired within six days post-event.

DHL Cape Town Stadium

Intensive rehabilitation completed in three days.

Utilising specialised machinery for precise watering, fertilisation, and management, we ensured both fields were match-ready, reflecting our dedication to excellence and our extensive experience with prestigious venues.

GROWING GREEN ASSETS

Let's talk about how we can help you Grow your **Green** Assets

Partner with Servest Landscaping & Turf for sustainable, innovative, and reliable solutions.
